PROFILE

Frontend developer based in Lagos, building production websites with Next.js, React, and Tailwind CSS. Currently shipping a cooperative fintech platform for a Nigerian client and smaller projects across events, e-commerce, and Web3. Final-year Mathematics student at the Federal University of Agriculture, Abeokuta. Also work on AI data projects and contribute to Web3 communities.

TECHNICAL EXPERIENCE

Frontend Developer · Freelance *2024 — Present*

- Building **Heritage Trust**, a savings cooperative platform for a Lagos client. Members sign up, save monthly, apply for loans against savings, and access welfare support. Next.js, React, Tailwind, Supabase. *cooperative-platform.vercel.app*
- Built **Silk Haus**, a responsive Next.js storefront for a UK-based brand. Implemented UK-standard cookie consent and policy pages for compliance.
- Built **OTK Events**, a site for an event planning and ushering agency with service pages, gallery, and a booking section. *otkevent.vercel.app*
- Built **PourKoko NFT Mint**, a pre-sale page with MetaMask integration, supply tracking, and gas estimation. *pourkokonft-mint.netlify.app*
- Built **WatchFlix**, a Netflix-style streaming UI for grid layout and hover practice.
- Handle client communication, project planning, and milestone delivery end-to-end.

EDUCATION

B.Sc. Mathematics (Statistics) · FUNAAB *Expected 2026*

CERTIFICATIONS

- **Google AI Certifications** (Coursera) — App Building, Data Analysis, Content Creation
- **AI Masterclass (2025)** — LLMs for research and product building

AI & DATA EXPERIENCE

Voice Data Contributor · Silencio *Oct 2025 — Jan 2026*

- Recorded 1,000+ voice clips in English, Yoruba, and Nigerian English for voice AI training. Logged 120+ hours with steady audio quality.

Video Data Annotator · Atlas Capture *Nov 2025 — Jan 2026*

- Labeled video data for computer vision training. Drew bounding boxes and tracked objects across frames with high label accuracy.

WEB3 & COMMUNITY

Core Team Member & Ambassador · Interchained *Aug 2025 — Present*

- Helped grow Interchained's community to 5,000+ active members through campaigns, channel management, and direct engagement.

Web3 Educator (Independent) · Self-led *Jun — Dec 2025*

- Onboarded 100+ people into Web3 by breaking down DeFi concepts into simple learning modules. Authored "The Newbies Knowledge PDF."
